

LIVE Leading Innovative Vascular Education

Congresses OVERVIEW

organized by the

A few words for IVD

founded in September 2010, is a **scientific, non-profit** organization and is based in Larissa, Greece. The Institute focuses on the dissemination of knowledge and the implementation of research and its **objective** is to promote vascular medicine not only on a scientific plane, but also at an ethical and professional level

is working on

- promoting **education** in research and opportunities for training on a national and international level
- providing **information** on prevention and treatment to individuals and groups
- encouraging **voluntarism** regarding research, prevention and treatment of vascular diseases

provides

targeted information on studies in Greece and abroad, on current trends in employment, vocational training and retraining

organizes

Its annual international symposium **LIVE (Leading Innovative Vascular Education)** along with other meetings and courses bringing together specialists and creating a **unique forum** in the field of vascular surgery in Southern Europe and the Mediterranean region

establishes

links with international associations and institutions within **mutual information and cooperation, support, promotion and of course effort in organization** of scientific meetings and courses, in the framework of their educational purposes

The IVD is managed by a Central Working Group which consists of six members:

A. Giannoukas
